Largo F.lli Kennedy
Via Battisti
Via Fiume
Via N. Sauro
Via Vecchia Darsena
Via Verdi

Via Vecchia Darsena / Largo Fratelli Kennedy

Via G. Verdi

This technical drawing illustrates a section of a Venetian street network. It features three main thoroughfares: Via Vecchia Darsena running horizontally at the top, Via Vecchia branching downwards from it, and Via Dorsena running parallel to Via Vecchia below. The drawing is densely annotated with specific address ranges and landmarks, such as 'Canale Mazzini' on the left and 'Largo Kennedy' on the right. Numerous small numerical values are placed along the streets, likely representing distances or specific plot measurements. The drawing uses fine lines to delineate building footprints, sidewalks, and street boundaries.
